Eppendorf Protein LoBind Tubes

eppendorf

- Specifically designed for use in proteomics or other fields of protein research (antibodies, cell biology, peptide drugs etc) where samples tend to be very small and sample recovery is vital
- LoBind material ensures optimised sample recovery for improved assay results
- Free of surface coating (e.g. silicone) to minimise the risk of sample interference
- Lot-certified PCR clean purity grade: free of human DNA, DNase, RNase and PCR inhibitors
- Available in tube, microplate, and deepwell plate formats for easy-up scaling
- Precise lid sealing to minimise evaporation

Supplied in packs of 100 (2 bags of 50)

Code	Volume, mL	Price
E0030108094	0.5	£12.79
E0030108116	1.5	£9.59
E0030108132	2	£15.26
E0030108302	5	£38.70

Oxoid and Difco media available!

A wide range of Oxoid and Difco media are available.

Visit the SLS website to view the range.
