

Leica DM500 and DM750 Microscopes Continued

Accessories for DM500/750

Code	Alt Ref	Description	Price
MIC5212	13613560	Pointer reticule for 13613532 eyepiece	£70.00
MIC5214	13613561	Reticule for 13613532 eyepiece	£73.00
MIC5216	13614800	Immersion oil, 10mL	£11.99
MIC5218	10450245	Soft carrying case BME, CME, DME	£118.00
MIC5220	13613563	Eye guard pair	£8.00
MIC5222	13613584	Dust cover	£6.00
MIC5224	13613565	35mm ergo module	£76.00
MIC5228	13613706	0.55X C mount adapter for 1/2 inch detector	£183.00
MIC5230	13613708	1.0x C mount adapter for 1 inch detector	£119.00
MIC5232	11501158	Light ring slide DF-CL	£29.30

Motic Panthera Range Microscopes

The design of Panthera upright microscope, together with its optics and digital capabilities, make it the microscope of tomorrow. Panthera Series has been carefully designed keeping in mind form and functionality. The components chosen for the Panthera Series have been analysed down to the last detail to find the perfect design in terms of practicality and aesthetics. An example of that is the patented rackless stage, compact and with a new sample holder. Panthera's light management system stands out for its automation. The digital intensity knob teams up with the coded LED nosepiece and the illuminator to offer you information about the light intensity, or the microscope's mode, as well as memorising the light intensity of each objective. Interchangeability between halogen/LED illumination or different 3W LED colour temperatures is very easy thanks to a drawer at the base of the stand.

Panthera C2 Model

A new world class level microscope cased in a revolutionary technical future orientated solution. This model comes with a complete set of UC plan achromats and 22mm field of view making outstanding performance easy. The patented rackless stage carries a unique dual slide holder for one hand operation. Illumination is provided by a 30W halogen light source, interchangeable with 3W LEDs, in a full Koehler setup. The Motic LightTracer with coded nosepiece, a built in low energy mode (Auto ON/OFF) and an LED feedback indicator helps to optimise your daily workflow. Binocular/trinocular Siedentopf type 360° swivelling head, 4X/0.10 (WD 30.5mm), 10X/0.25 (WD 17.4mm), 40X/0.65/S (WD 0.6mm), 100X/1.25/S-Oil (WD 0.16mm) objectives, colour corrected infinity optical system (CCIS®), focusable and centerable Abbe condenser N.A. 0.90/1.25 with slot for contrast sliders, dust cover, power cord, Allen key, immersion oil (5mL), blue filter, halogen bulb and LED module.

Code	Alt Ref	Description	Dims, w x d x h, mm	Price
MIC2822	1100104601131	Panthera C2 binocular	210 x 282 x 394	£1594.00
MIC2824	1100104601141	Panthera C2 trinocular	210 x 282 x 396	£1804.00

Liquid handling... Down to the last drop!

From pipettes to dispensers, tips to pipetting stations,
SLS is your No.1 source for liquid handling.
