

Meridian Bioscience SensiMix™ SYBR® Kits

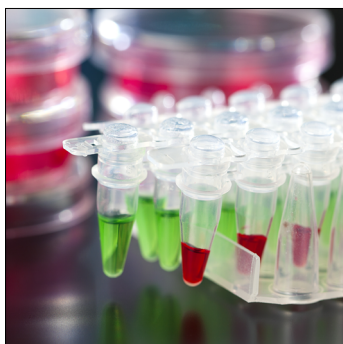

meridian BIOSCIENCE®
A LIFE SCIENCE BRAND

Outstanding assay reproducibility and sensitivity for both DNA and cDNA templates, under standard conditions.

- Sensitive - reproducible detection of low-copy number templates
- Reproducible - consistent results between technical replicates for increased confidence in results
- Specific - proprietary hot-start modification minimises non-specific amplification for improved assay reliability in high-throughput assays
- Robust - reliable, accurate detection of DNA and cDNA targets from a broad range of sample types

Supplied as packs of 500 reactions

Code	Description	Price
QT60505	SYBR® Hi-ROX kit	£687.00
QT62505	SYBR® Lo-ROX kit	£576.00
QT65005	SYBR® No-ROX kit	£669.00
QT61505	SYBR® & Fluorescein kit	£576.00

Meridian Bioscience SensiMix™ II Probe Kits

meridian BIOSCIENCE®
A LIFE SCIENCE BRAND

Outstanding assay reproducibility, sensitivity and specificity for both DNA and cDNA templates.

- Sensitive - reproducible detection of low-copy number templates
- Specific - proprietary hot-start modification minimises non-specific amplification for improved assay reliability in high-throughput assays
- Reproducible - consistent results between technical replicates ideal for multiplexing and gene expression analysis
- Robust - reliable, accurate detection of DNA and cDNA targets from a broad range of sample types

Code	Pack	Price
BI083005	500 reactions	£575.00
