

Corning® Lambda™ EliteTouch™ Pipette Starter Kit

CORNING

Engineered to provide the highest level of ergonomic, accuracy, and precision. Lightweight construction, contoured shape of the handle, and 4-digit counter were designed to guarantee comfortable pipetting. Smooth plunger movement and extremely low pipetting forces reduce wrist strain and fatigue (RSI). Coloured pushbuttons help define user or application for sample safety and lower risk of cross contamination.

- Ergonomic handle design for perfect fit for both right and left hand
- Convenient one-hand volume setting with auto-lock system
- 4 digit counter for greater precision, perfectly positioned for visibility at all times
- Fully autoclavable and UV resistant
- Easy in-lab calibration helps you quickly adjust your pipettor to various liquid types
- Individually tested and supplied with a certificate of quality

Kit includes:

- 4 x Lambda™ EliteTouch™ pipettes (0.5 - 10µL, 2 - 20µL, 20 - 200µL, 100 - 1000µL)
- 1 x universal linear stand for 4 single channel pipettes
- 3 x DeckWorks™ pipette tips (10µL, 200µL, 1000µL)
- 4 x 3 coloured pushbuttons

Sartorius Picus® Electronic Pipettes

SARTORIUS

Picus® offers all the advantages you would expect from a Sartorius pipette whilst the NxT version is targeted at customers working in a regulated environment where full compliance is a necessity.

Picus® Electronic Pipettes

Incorporating an electronic brake and piston control system help ensure accurate and precise pipetting results whilst an intuitive user interface with an adjustment wheel ensure fast volume setting and easy menu navigation.

- Electronic tip ejection
- Built in plate tracker functionality guides pipetting steps for improved microplate work
- Light at 100g
- Optiload ensures tip loading with a constant and equal force for perfect sealing
- Hot key access for up to 10 saved programmes
