

## QMP Acid and Alkali Storage Cabinets

These storage cabinets enable safe and identifiable storage for caustic materials in the workplace. These cabinets are available in various sizes including floor cabinets, wall mounted and mobile units.

- 'No snag' handles with 2 point locking
- Cupboard shelves have a UDL of 70kg
- Warning stickers supplied as standard
- Adjustable spill retaining shelves for superior spill management
- Integral liquid tight sump encourages the correct handling of spills through the use of absorbents (except wall mounted cupboards)
- Wall cupboards are pre-drilled for mounting (fixings not included)
- It is not recommended to store acids and alkalis together in a single unit as corrosion may occur
- Powder coated with white Germ Guard Active Technology paint
- Reaction to Fire Classification EN 13501-1
