

Seward Stomacher® Bags Continued

Heavy Duty Bags

- Thickness: 80µm
- Designed for applications requiring long blending times or where the sample requires a highly durable encasing for sample preparation

Code	Alt Ref	For use with Stomacher®	Capacity, mL	Pack	Price
MIX3170	BA6042/HD	3500 Series	400 - 3500	250	£77.00

Eco Bags

- Reduce plastic consumption by up to 30%, so are much more environmentally friendly
- Provide substantial savings on consumable costs

Code	Alt Ref	For use with Stomacher®	Capacity, mL	Pack	Price
MIX3006	BA6241	400 EVO	Up to 250	500	£34.00
MIX3008	BA6341	400 EVO	Up to 100	500	£32.00

Bag Accessories

- Bag openers hold open bags for easy addition of sample without risk of instrument contact on the bag
- Bag racks provide the perfect storage for Stomacher® bag sample handling, helping to provide a clean and productive working environment
- Bag clips allow fast and easy securing of the Stomacher® bags, eliminating any leakage during storage or incubation and providing a reusable alternative to closure bags
