* Ventilated centrifuge only, 4200RPM in refrigerated centrifuge ** Ventilated centrifuge only, 4122xg in refrigerated centrifuge

OHAUS Frontier[™] 5706 Multi Centrifuge

A small benchtop multi function centrifuge ideal for a multitude of spin down applications. Characterised by reliability, various safety features, the ability to accommodate test tubes of various sizes and intuitive operation, Frontier 5706 was built to meet the basic need for liquid separation in the life sciences.

- Simple and intuitive operation •
- Easy to turn control knob
- Large LCD display and the capabilities to set and view both speed in RPM and g-force •
- Precise results and enhanced functionality with extremely simple operation
- Can accommodate all standard tube sizes from 1.5 to 50mL, providing centrifugation ٠ for a wide variety of applications
- Sturdy mechanical lid with locking system and a rotor imbalance sensor that stops the ٠ centrifuge if the rotors become imbalanced or sudden shock occurs
- Rotor not included and must be ordered separately •
