Thermo Scientific™ Finnpipette™ Novus Electronic Pipettes

Achieve improved ergonomics and performance in standard pipetting applications. The user interface simply displays all pipetting actions, and the index-finger trigger pipetting action prevents common Repetitive Strain Injuries (RSI). Simplicity, comfort and functionality.

- Easy-to-read and intuitive menu navigation
- 9 aspirate/dispense speeds
- Save up to 9 programs with your most common protocols
- Full-size, backlit screen
- Quick in-lab calibration for accuracy and precision
- Fully autoclavable tip cone ensures sterility and avoids cross-contamination
- Long-life battery
- Extremely lightweight construction
- Trigger action pipetting - index finger controls dispensing with just a soft press of a button
- 120° adjustable finger rest for balance and comfort
- Soft-touch tip ejection minimises thumb strain; can be operated by either hand
