

## Glisseal® Greases

- Silicone-free grease for lubricating ground glass joints, stopcocks etc
- Excellent thermal stability
- No dripping point
- Chemically stable against most acids, alkalis and gases
- Insoluble in water and low molecular mono- and polyhydric alcohols
- Can be dispersed in low molecular ketones, esters, amines, hydrocarbons, benzene derivatives, higher fatty acids, fatty acid esters, and ethers
- Can be removed with laboratory detergent
- Only a very thin layer is required for excellent lubrication

Supplied in 60g tubes

Code	Description	Price
VAC1020	Normal grade	£59.00
VAC1022	High vacuum grade	£53.00

## Silicone Stopcock Grease

- Resistant to a wide range of chemicals
- Stable from approximately -40 to 200°C
- For general lubricating of stopcocks (should not be used with volumetric glassware)

Code	Pack	Price
VAC1100	50g tube	£15.10

## Apiezon Greases

- Apiezon L is an ultra high vacuum grease, halogen free, working temperature 10 to 30°C
- Apiezon M is a high vacuum grease, halogen free, working temperature 10 to 30°C
- Apiezon T is a medium temperature vacuum grease, working temperature 10 to 120°C
- AP101 is an anti-seize vacuum grease, working temperature -40 to 180°C

Code	Description	Pack	Price
VAC1000	Apiezon L	50g tube	£157.00
VAC1002	Apiezon M	100g tube	£130.00
VAC1006	Apiezon T	25g tube	£154.00
VAC1010	Apiezon AP101	50g tube	£77.00
